

Contemporary Management of Arrhythmias 2017

APHRS Summit 2017

April 8th, 2017

08:30 – 08:40 Opening speech by the President of the APHRS Shu Zhang

Session 1. Management of Atrial Fibrillation

Chairmen: **Wee Siong Teo, Congxin Huang, Yoga Yuniadi**
Panel Discussants: **Xingpeng Liu, Guodong Niu, Yunlong Xia, He Huang, Shan Yu**

08:40-08:55	Impact of New Technology on Outcome of Ablation in Persistent Atrial Fibrillation	Young-Hoon Kim
08:55-09:10	Persistent atrial fibrillation in patients: driven by rotors?	Jonathan Kalman
09:10-09:25	Catheter Ablation of Long-Standing Persistent Atrial Fibrillation: Is There a Consensus?	Shih-Ann Chen
09:25-09:40	Device detected Burden of AF	Andrew McGavigan
09:40-09:55	Optimize the management of AF ablation patient vs. best clinical practice sharing	Hendrik Bonnemeier
09:55-10:10	Discussion	
10:10-10:30	Tea Break	

Session 2. Device Therapy

Chairmen: **Keping Chen, Ngai-Yin Chan, Chi Keong Ching**
Panel Discussants: **GuangpingLi, Meixiang Xiang, Yizhou Xu, Xiaohan Fan, Fengxiang Zhang**

10:30-10:45	Prevention of SCD after Coronary Revascularization (EPCI) in China Consensus and Best Practice Sharing.	Dejia Huang
10:45-11:00	Clinical Update on the Wearable Cardioverter-Defibrillator	Martin Stiles
11:00-11:15	Alternative RV Pacing Sites: Rationale and Results	David Heaven
11:15-11:30	His-Bundle Pacing: It's Easier Than You Think	Weijian Huang
11:30-11:45	When to Implant ICD in ARVC?	Yoshinori Kobayashi
11:45-12:00	J wave syndrome - an update	Wataru Shimizu
12:00-12:15	Discussion	

Contemporary Management of Arrhythmias 2017

APHS Summit 2017

April 8th, 2017

Session 3. Management of Ventricular Tachycardia

Chairmen:	Masayasu Hiraoka, Kejiang Cao, Balbir Singh	
Panel Discussants:	Bing Yang, Min Tang, Gang Wu, Yingjie Chu, Tong Liu	
13:30-13:45	Surgical Ablation for Non-ischemic VT	Takashi Nitta
13:45-14:00	Catheter Ablation of Left Fascicular Ventricular Tachycardia: New Perspectives	Minglong Chen
14:00-14:15	Epicardial Ablation of Ventricular Tachycardia	Kyoko Soejima
14:15-14:30	Asymptomatic Brugada Syndrome: How to Manage	Yong-Seog Oh
14:30-14:45	Role of Drug, Ablation and Device in Brugada Syndrome	Chi Keong Ching
14:45-15:00	Discussion	
15:00-15:30	Tea Break	

Session 4 Cardiac Resynchronization Therapy

Chairmen:	Muhammad Munawar, Dejie Huang, Giselle Gervacio,	
Panel Discussants:	Liangrong Zheng, Jing Xu, Jing Zhou, Yan Dai, Ying Tian	
15:30-15:45	What's the Optimal Solution to Increase CRT Response?	Wei Hua
15:45-16:00	Implication of AF in CRT	Prash Sanders
16:00-16:15	Alternative device approach in heart failure beyond conventional CRT	Hung-Fat Tse
16:15-16:30	Pacing Only the Left Ventricle to Resynchronize the Ventricles	Tachapong Ngarimukos
16:30-16:45	Discussion
