

## APHRs-Certified Fellowship Training Centre

<b>Name of Training Centre</b>	King Chulalongkorn Memorial Hospital
<b>Short Introduction</b>	<p>King Chulalongkorn Memorial Hospital (KCMH) is a leading tertiary and quaternary referral academic medical center in Bangkok, Thailand, and the principal teaching hospital of the Faculty of Medicine, Chulalongkorn University, under the administration of Thai Red Cross Society. Established in 1914, KCMH is one of the largest public hospitals in Thailand, providing comprehensive multidisciplinary clinical services supported by advanced medical infrastructure and specialized centers of excellence. The Division of Cardiovascular medicine at KCMH offers comprehensive cardiovascular care, including advanced electrophysiology (EP) services, catheter ablation for supraventricular and ventricular arrhythmias, atrial fibrillation management, and implantation and long-term follow-up of cardiac implantable electronic devices (CIEDs). KCMH serves as a major national referral center for complex arrhythmia management and device-based therapies, including pacemakers, implantable cardioverter-defibrillators, and cardiac resynchronization therapy.</p> <p>KCMH is a leading academic institution for cardiovascular research and clinical training, providing structured fellowship programs in cardiology and electrophysiology and participating in national and international clinical trials and registries. With a high patient volume, state-of-the-art mapping and ablation technologies, and strong multidisciplinary collaboration, KCMH contributes substantially to translational research and guideline-shaping studies in arrhythmia and cardiovascular medicine in Southeast Asia.</p> <p>Guided by its mission to deliver high-quality, compassionate, and equitable healthcare, King Chulalongkorn Memorial Hospital remains a cornerstone of Thailand's healthcare system and a regional leader in academic medicine, clinical innovation, and global health collaboration.</p>
